Revised 2/10/12

Compact & Amazingly Portable

Each Flex-Safe barricade has the ability to fold down into an extremely compact unit that is easy to carry and convenient to store.

Flex-Safe Carry Bags

For hands-free convenience & added protection, Flex-Safe Carry Bags are also available.

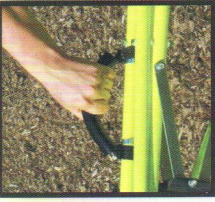

Seamless Protection

The convenient lockstraps quickly connect each unit to the next, allowing virtually any configuration, on any site.

Flex-Safe Product Features & Benefits

Easy Carry Handle

A strong and flexible handle makes these barricades easy to handle, with ample room for gloved hands.

Non-Slip Feet

Tough rubber feet keep your barricades from sliding on virtually any surface.

Quick Close Connect Strap

The convenient lockstraps connect each unit to the next and bundle the unit tightly when not in use.

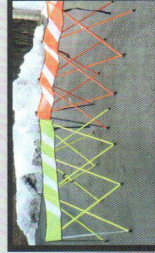

Nestability

After each use, the system folds down to surprisingly compact units which are easy to store and stack.

Reflective & High Visibility Color

These high visibility units provide the general public with clear and forceful direction. The striping on the mesh banner is highly reflective.

New Color

Now available in Safety Orange in addition to Emergency Yellow.

Easy to Use & Highly Effective

Combining high strength, light weight materials with state of the art design, Flex-Safe brand safety barricades offer a professional solution for perimeter control and pedestrian traffic management.
